IN ALL THE BEST PLACES

HOTELS, LANDMARKS & AUSTRALIAN HOMES.

RAYMOR HAS A RICH AUSTRALIAN PAST, HONOURED NOT ONLY FOR ITS HISTORICAL PERSPECTIVE, BUT FOR THE WAY IT POINTS TO THE FUTURE.

In 1947, a small company began with the mission of helping to rebuild Australian homes in the wake of the difficult war years.

Sixty years later, Raymor remains committed to its cause: Creating simply elegant products, backed by superb engineering, constant reliability, low maintenance and, always, value for Australians' hard-earned money.

Never satisfied with success alone, we have always sought better solutions.

Our commitment has led to us being the recipient of many prestigious design honours - including for being the first to introduce the now internationally standard single-hole mixer tap.

Discreet yet distinctive and elegant yet simple, our craftsmanship and designs have redefined the Australian aesthetic in bathrooms, laundries and kitchens across the decades.

It's little wonder, then, that we have long been regarded the provider of choice for Australian architects, plumbers and homeowners.

As a result, you'll find us in some of the nation's most definitive hotels and landmarks - including Sydney's Darling Harbour Novotel Hotel, Parliament House and the Australian Defence Force Academy in our nation's capital - as well as helping to create stylish, individual statements in homes across the continent.
